Bossaball report

Read the report. Then re-write it to make it more exciting for the reader.

The sport of bossaball

Yesterday, the sport of bossaball came to nearby Newtown Beach.

Bossaball combines volleyball, soccer and gymnastics. It is played on an inflatable court with trampolines on each side. Music is an important part of the game and is played by the referee during the match.

First, two teams from Spain (where the sport is popular) gave a demonstration to the Newtown spectators. Then some of the locals joined in. It looked like they were having a lot of fun.

Afterwards, one of them told me that it was an experience he would never forget. He hopes to start a bossaball club himself in Newtown.
